# System Setup Guide

## 1. Introduction

Before starting the exercise work in your SAP Learning System Access training environment, you will need to prepare yourself based on the SAP Learning System Access General User Guide and this course relevant Setup Guide. This document provides all additional training system setup information that you need to successfully use your SAP Learning System Access training environment for the booked course.

## 2. Last Update of This Document (“Change History”)

Last Update: 2024-09-19

## 3. Global Training System Support

Please check the Help section on the SAP Learning System Access portal for detailed information.

## 4. System Landscape Information

## 5. Logon Information to Access SAP Training Systems

SAP Learning Hub training courses offer an SAP Learning System Access training system to accompany course exercises. To log on to this training system, please follow the steps explained below.

Note:

We also recommend to read the [SAP Learning System Access: General User Guide](#) to learn how to use the SAP Learning System Access portal.

When the system is ready after enrollment, click on the button called Access to download the service key.

The screenshot shows a web-based interface for a training course. At the top, there's a header with the course title 'Practice Implementing SAP S/4HANA Cloud - Service'. Below the header, there's some descriptive text about the group and its availability. At the bottom of the main content area, there are two buttons: 'Access' (highlighted with a red border) and 'Remove'. A caption at the bottom of the screenshot reads 'Figure 1: Access'.

## 6. Additional System Setup Tasks

Required preparation in the Training system:

## 7. Known System Issues

None so far.

---

## **8. Additional Hints And Tips For Exercises of This Course**

**IMPORTANT:** Please always complete the exercise you are working on before you suspend the system to avoid potential system inconsistencies and failure.

All templates and model solutions mentioned in the exercises are located package `/LRN/S4D400_EXERCISE`.
